## PROFILE

Hello, my name is Muhammad Faraz. Currently, I am providing my programming services at IT Life Software Company, where I have gained valuable experience over the past 9 months. During this time, I have successfully worked on various projects including website development, accounting software, and CRM solutions. My dedication to refining my skills has been instrumental in delivering quality results. Now, I am eager to take my abilities to the next level and become an integral part of a well-established and talented team.

## WORK EXPERIENCE

### PHP Laravel Developer

IT Life

Sept 2022 - Present

- Created FBR POS (Point of Sale) software in traditional accounting format as well as a much cleaner simpler UI for the business merchants to have their sales verified and taxed by the official FBR Portal.
- Built Reports, Vouchers, Invoices, and Excel Import options for Individual and Combined Products and Parties.
- Created Rest APIs for a Flutter Application.
- Engineered Responsive Tax Calculator for Individual Salary Incomes and Business Incomes from the year 2019 to 2022 of Pakistan.
- Finalized working on a Large Ecommerce website known as Industry Mall that contains all types of complex queries and customizations with multiple product categories and subcategories.
- Developed a Taxi Booking website for a German Company.
- Designed a Travel Agency portfolio website for a UAE Company.
- Successfully trained new Internees to my level and with my approach to problem-solving.
- Learned a lot from my respected seniors and helped them to the best of my abilities.
- Worked on Multiple ERP Softwares Optimization and stability.
- Developed Multiple Portfolio Websites with CRUD

### Interests

- Vue.js, Sveltekit, React.js, Rust, Python Web 3.0 and Salesforce.

### Hobbies

- Exercising, Pet-Keeping, and Cooking.
